Subject: scrap battery export 2014

Hi Scott

As per our discussion this morning we did not export any scrap lead acid batteries in 2014.

We also have not exported any in 2015 and we do not plan to do so.

Please let me know if you need anything else from us on this matter. I understand that our consent letter to do so is valid into part of 2015 so we will have to report back later to confirm that we didn't ship anything in 2015 also.

Best Regards,

John Bruno, president
